

## ***ExtendTime Time & Labor Management***

presented by:

**Trident Internet Systems, Inc.**

[www.extendtime.com](http://www.extendtime.com)

# Corporate Overview

**“ExtendTime™”** is a Time and Attendance Solution offered in licensed and hosted versions for organizations needing to control employee time and attendance costs. It is accessed and delivered via various devices such as the Cisco and Avaya IP Telephony equipment. Trident provides complete pre-sale and post sale support for the entire product.

## ExtendTime

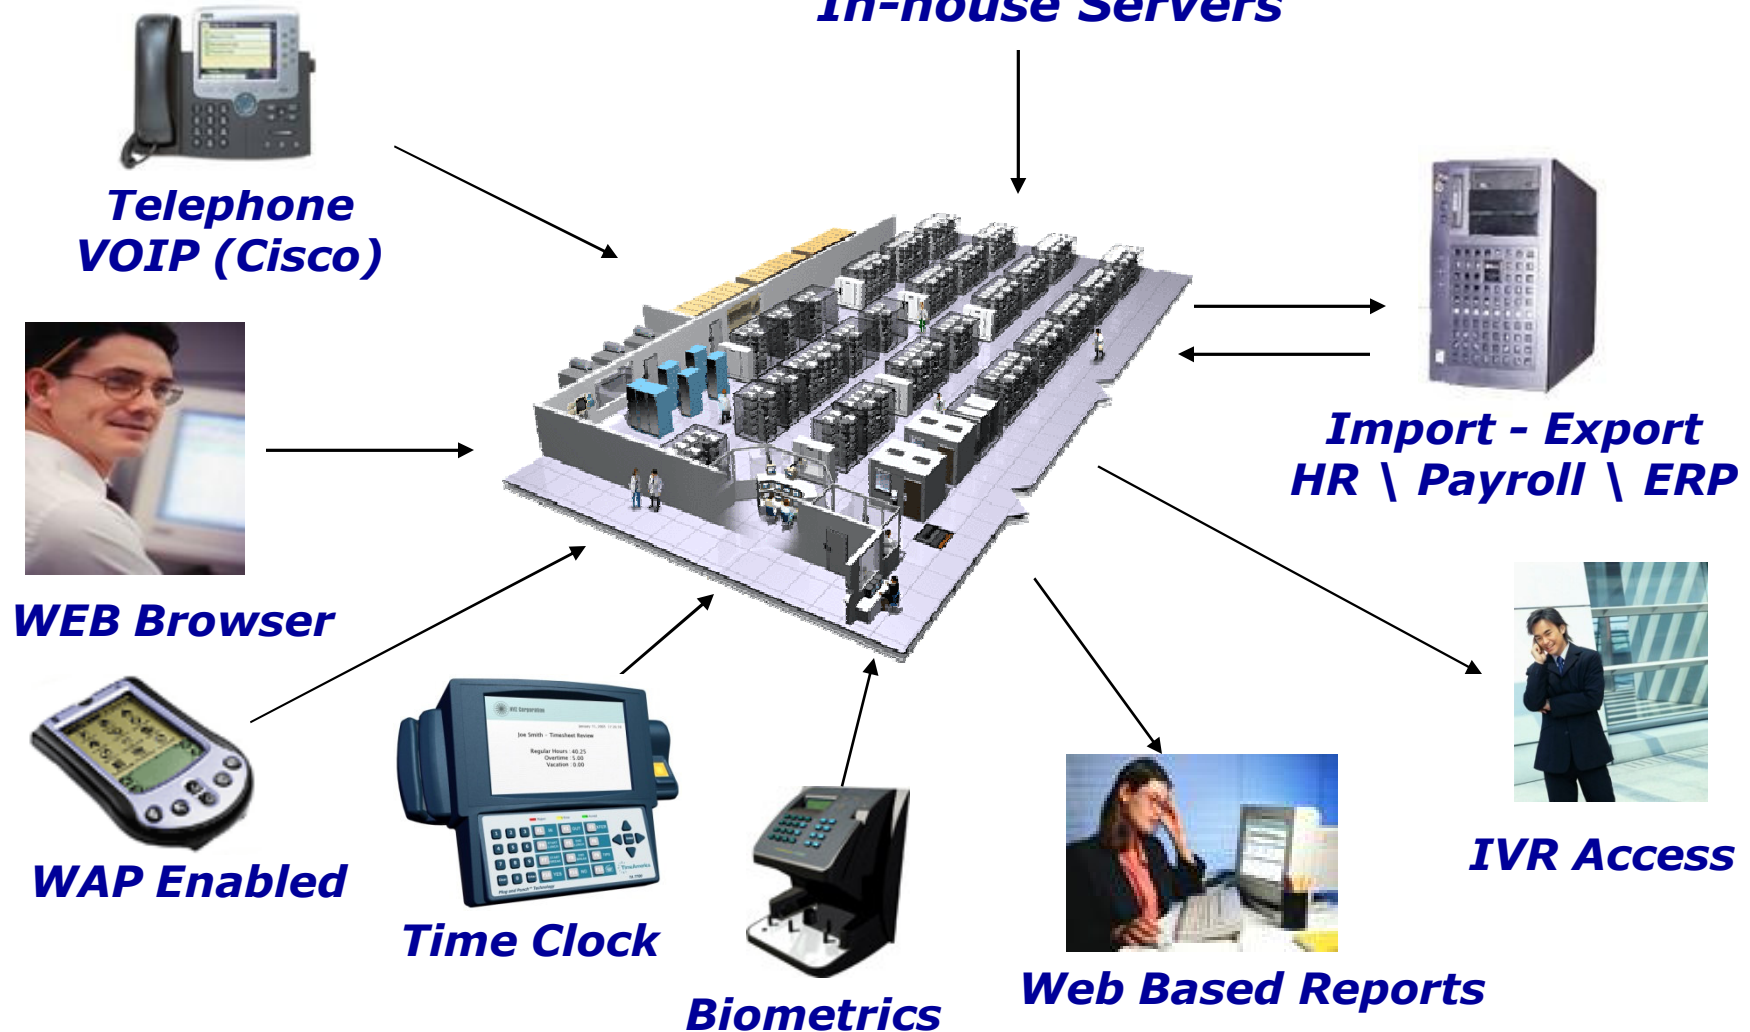

- Web Based time and attendance solution
- True business application (not just a time sheet)
- Alternative sales process
- Sold to HR/Payroll
- Differentiates the product
- Provide pre-sale and post sale support

# *ExtendTime Architecture*

## *ExtendTime Data Center or In-house Servers*

## Who Needs it?

- Employers with hourly or unionized workforces
  - Comply with union agreement
  - Fair Labor Standards Act (FLSA)
- Organizations that need to track time data by department, shifts (retail)
- Professional services organizations that need to track billable and non-billable time
  - Track exception time (vacation, sick, personal)

## Verticals

### **Health Care (Ability Beyond Disability)**

[http://www.extendtime.com/reso\\_case.asp](http://www.extendtime.com/reso_case.asp)

### **Financial (First Arkansas Bank and Trust)**

[http://new.extendtime.com/reso\\_case.asp](http://new.extendtime.com/reso_case.asp)

### **Manufacturing (Wheeler)**

[http://new.extendtime.com/reso\\_case.asp](http://new.extendtime.com/reso_case.asp)

### **Education (Phoenix School District)**

[http://new.extendtime.com/reso\\_case.asp](http://new.extendtime.com/reso_case.asp)

# Value Proposition

- An Enterprise moving from manual time-collection can save between 1-4% of annual payroll costs
  
- **Tangible, Measurable ROI:** A time and attendance system can save thousands of dollars when one considers the negative financial impact of factors like:
  - Time theft
  - Buddy Punching
  - Time spent manually figuring time sheets
  - Human error in calculations
  - Cost and exposure of Dept. of Labor non-compliance
    - Overtime
    - Audit trail

# Clocking in using Cisco or Avaya IP Phones

Unlike traditional time and attendance systems where a time clock is placed at an entrance way ExtendTime allows you to clock employees in at their workstation.

This eliminates the time spent between the clock and the employee work station.

ExtendTime can create an association between the employee login and the extension number or MAC address of the phone.

**Case Study:** 500 employee company saving 3 minutes per day with a loaded labor rate of \$20 per hour.

\$20 per hour = .33 cents per minute

.33 cents per minute x 3 minutes per day = .99 cents per day savings

.99 cents per day x 5 days per week = \$4.95 per week savings

\$4.95 per week x 50 weeks per year = \$247.50 per year savings

\$247.50 per year x 500 employees = **\$123,750 total payroll savings**

**\$123,750 savings per year in payroll dollars simply by clocking in employees where they work as opposed to where they come into the building. Only available with ExtendTime and Cisco IP telephony.**

## Key Features and Benefits

### *ExtendTIME*

- **ExtendTime** Features from Cisco IP Phone

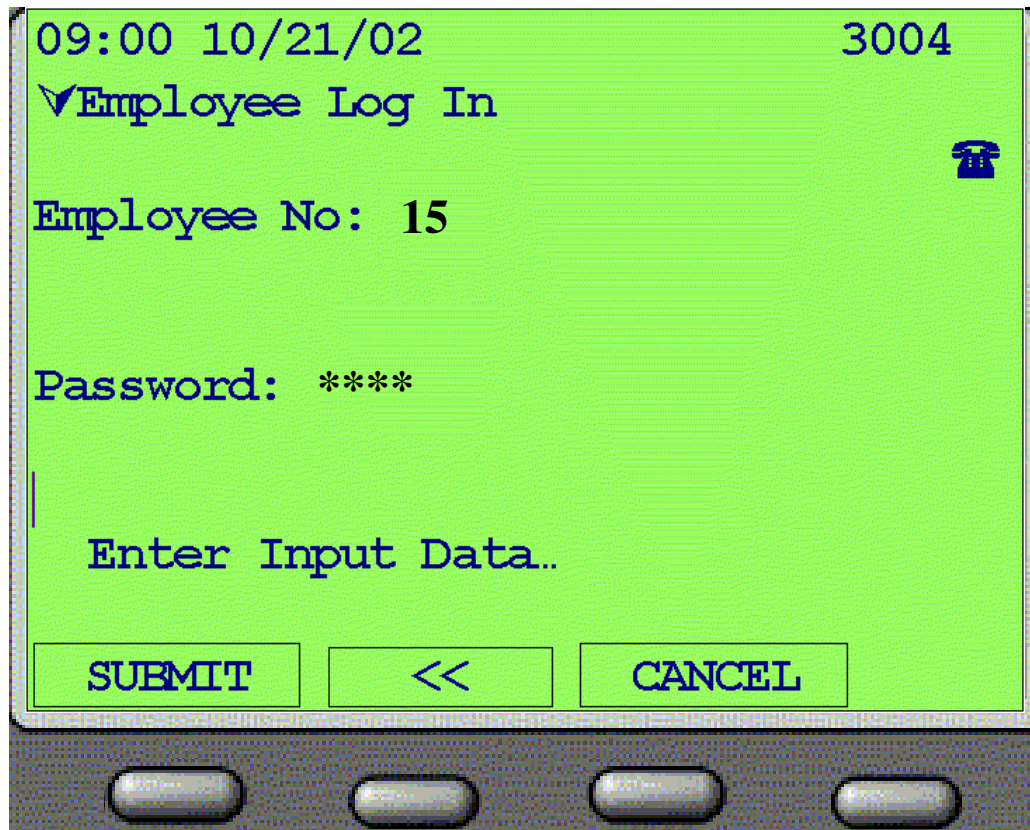

- Clock Punch
  - Clock In
  - Clock Out
  - Lunch In/Out
  - Break In/Out
  - Transfer
- View Schedule
- View Messages
- Benefit Information
- Review Hours
- Employee Directory
- Report Printing

## Services Menu

- One or many services.
- Type option number or highlight then press **Select**.

## Phone Login

09:00 10/21/02 3004

✓Employee Log In

Employee No: 15

Password: \*\*\*\*

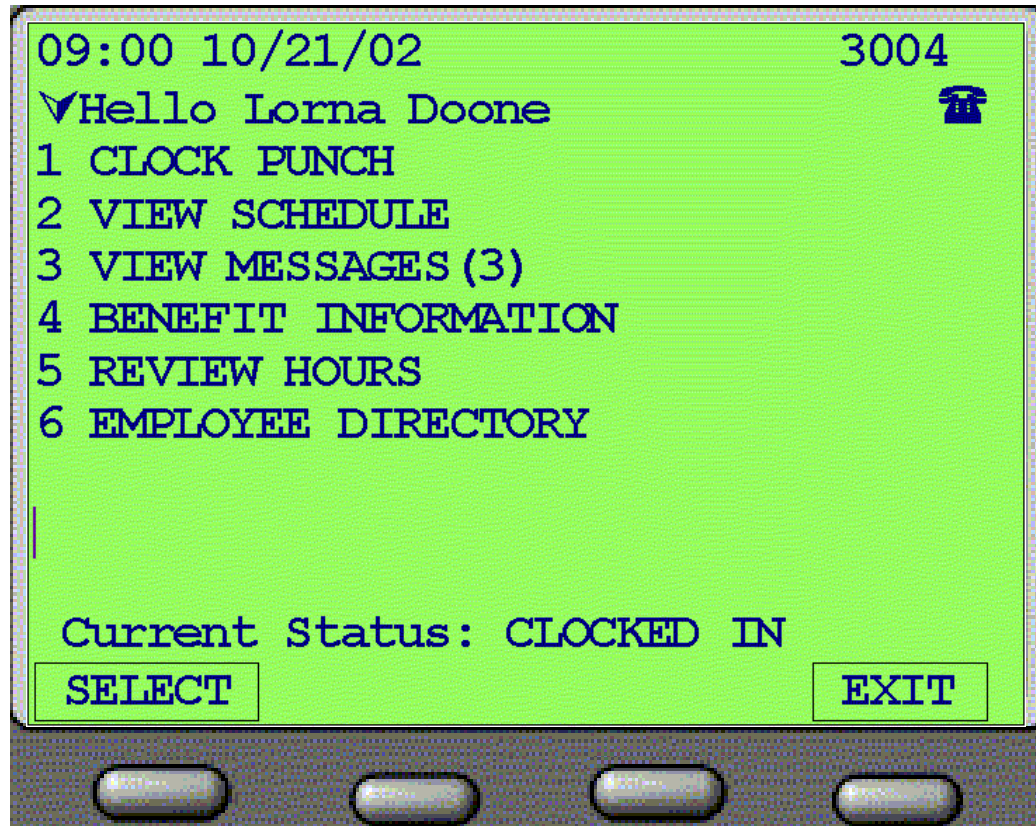

Enter Input Data..

SUBMIT << CANCEL

- Enter Employee #.
- Enter Password.
- Press Submit.
- Voice authentication also available

## Main Menu

# Employees Approaching Overtime

Limit the amount of overtime that you pay, by knowing who is getting close before you call someone in to fill a shift.

## Employees Approaching Overtime

The following employees are approaching overtime:

| Employee                    | Hours till/past | Regular time | OT1      | OT2      |
|-----------------------------|-----------------|--------------|----------|----------|
| <a href="#">Grant Cline</a> | 8.00 hrs        | 32.00 hrs    | 0.00 hrs | 0.00 hrs |
| <a href="#">Joe Smith</a>   | 4.00 hrs        | 36.00 hrs    | 0.00 hrs | 0.00 hrs |
| <a href="#">Sally White</a> | 8.00 hrs        | 32.00 hrs    | 0.00 hrs | 0.00 hrs |

Display employees within  hours of approaching overtime
